

ST MICHAEL'S CAR PARK

I would like to remind you of the issues that arise surrounding the car parking situation at St Michael's.

The entrance to the Staff Car Park at the school is closed at afternoon peak hour. (2.30pm to 3.15pm). This is to stop traffic flow on the road that runs parallel to the Library and front offices. This ensures that anyone using the main exit from the automatic doors past the front office to the basketball courts, can do so safely. This also means that no parents are to park in the staff car park.

If you park to drop your children off, please use the Basketball Courts, entering at the large school sign. Once you are on the basketball courts, please use the exit via the staff car park. This means that there is no traffic jam at the drive near the church.

If you are just dropping, and driving on, the area alongside the oval is a safe place to do this, provided you use the area designated, and not the bus zone or turning circle.

At all times when driving your car around the area, please remember to drive slowly and carefully. Pedestrians (our/your children) have right of way!

Thank you for your support,

Judy Walsh
PRINCIPAL

May 2017

A friendly reminder for ready reference.

When dropping your children off in the morning, and picking them up in the afternoon please remember:

- To use the Church car park entrance to enter the basketball court car park.
- Do not park in staff car park please.
- To then exit via the staff car park exit. (This keeps traffic flowing in one direction, and is safer for the children).
- DO NOT stop in the middle of the traffic; park in a safe place to let your children out.
- Children can also be dropped off in the morning and picked up (between 3 and 3:15pm) behind the bus bay on Tyrrell Circuit. (This is safer as the children do not have to go through the traffic.)
- THE ROAD OUTSIDE THE FRONT OFFICE, LIBRARY BUILDING AND IN THE TEACHERS' CARPARK IS OFF LIMITS AT THESE PEAK TIMES.
- Please drive SLOWLY at all times for the safety of our children.
