

# Kindergarten Term 2 Overview

## Religious Education

This term our unit focus is on communities where God's love is experienced. Students will learn about our school and Parish community. Students will identify some important features of the Church.

## Science

In Science for this term our unit is called, 'On The Move'. We will be looking at how things move and why they move. We will be exploring push and pull forces to understand ways that objects move. The concept of fair testing will also be investigated in our action packed unit.

## HASS (History and Social Science)

In HASS students will identify important events in their own lives and sequence familiar events from their lives. They will also learn to respond to questions about their own past.

## Music

This term students will participate in Music lessons on Friday's. This is instead of Indonesian lessons.

Library day is Friday  
Sport days are Tuesday and Thursday

Please see me or email me  
(sarah.medway@cg.catholic.edu.au) if you  
have any queries or concerns.

## English

This term students will be introduced the letters I, P, N, G, O, E, U, K and L. students will continue to engage in silent sustained reading and writing. This term students will also publish their own stories. We will continue to explore ways to read and write unknown words and sounds.

## Mathematics

This term in our Numeracy Blocks we will be learning; about the numbers 11-20, whether things are heavy and light and how to use simple scales, how to measure items and use the terms long, tall and short, how to sequence the days of the week and identify different things that happen on those days, how to combine and share groups of objects and how to count to and from 20.

## Health and PE

We will learn about the very important area of protective behaviours and how to keep ourselves safe in different familiar environments. In PE we will participate in a 'Little Shredders' Clinic, learn some traditional Aboriginal games and how to jump rope individually and in small groups.
